Description

This is a lovely **UNRESTORED PUBLIC TELEPHONE BOX**. It first came out in the 1950's, called the TEMPERATE STYLE. This is the DOME ROOF model, with the louvred glass, (it has two panes missing). The timber is in good condition, apart from a few splits here and there, and a minor amount of rot on the bottom of the back panel. It has metal kick boards, which were a standard feature of this model. It still has the ORIGINAL SHELF and DOOR CLOSER, and the inspection panel for the light, (as shown in photos). The last public phone used in this particular box, was a CT1, (we will be listing one of these very shortly).

OVERALL, this is a very nice phone box to own. A GREAT TALKING PIECE. It would look great in any backyard, as seen by the one we have in ours. It only needs a paint job, and then ready to place in its new home.

WE OFFER FREE DELIVERY to the chosen depot of our choice, to the nearest capital city to you, in **AUSTRALIA ONLY**.

Description

This VERY RARE COIN UNIT was attached to a 300 series bakelite telephone, originally. It still has its ORIGINAL COIN BARREL AND KEY (both of which are normally missing). The front lock is missing. It must also have been updated at some stage, as it has a 10 cent coin slot on the top. We have photographed this item, in an ORIGINAL PUBLIC TELEPHONE BOX, which we have listed separately (please see other items). It still retains most of its original dark green paint. This is a very heavy unit, so please remember, we

are in AUSTRALIA. Please note, this is AS FOUND in a phone collection. Please e-mail for any other details.
