ExpressNet, ExpressNet III Incompatible With Windows® 2000, Windows® Me

Please be advised that Protel's ExpressNet® and ExpressNet III® payphone management software programs are not compatible with Windows® 2000 or Windows® Me (Millennium Edition) operating systems. Attempts to utilize ExpressNet® or ExpressNet III® software with these operating systems will result in program failures and may cause irreversible corruption to the data files.

As a result of the incompatibility of these systems, Protel cannot provide technical assistance for any attempts to operate ExpressNet® or ExpressNet III® software with Windows® 2000 or Windows® Me.
